

45
86.

44
The method as recited in claim 85 wherein said applying step comprises the steps of:

- C1
Cont.
- a. locating an impermeable cover over the wound, said cover having a suction port;
 - b. sealing the periphery of said impermeable cover to tissue surrounding the wound; and
 - c. operably connecting said suction port with a vacuum system for producing said reduced pressure.

Remarks

Applicants have submitted additional claims 80-86 to be incorporated in the pending application. These additional claims contain subject matter of canceled claims 5-7 and 26-30, respectively, against which the Examiner has not cited any prior art. Therefore, Applicants believe these additional claims to be in form for allowance.

Respectfully submitted,

DANN, DORFMAN, HERRELL AND SKILLMAN
A Professional Corporation
Attorney for Applicant(s)
